With His Son Dunbar Member of Assembly in Middle of Night Rounds Up Negro Thief.

### MADE HIM THROW UP HANDS

And Later Landed Man Behind Cell Bars—Proves Member of a Bad Gang—Other Robberies of Recent Occurrence in Furnace Town.

Special to The Courier.

DUNBAR, July 16.—It seems that robbers are ever active in the Dunbar region. On Thursday evening the home of John Gilmore in Atlas was quietly entered and \$37 in cash secured by some clever rascals who got in without disturbing the household. They stole a pair of Gilmore's pocket books.

Last evening the home of Mr. and Mrs. John Calhoun, near the brick school house, was entered and robbed of \$1 in cash. The home of John Dowds was also entered, but Mrs. Dowds who sleeps down stairs was awakened by the noise caused by the thief who was trying to cut his way through the door screen, and she succeeded in scaring the offender away.

The thief evidently tried the home of J. S. Carroll next, as it was here that he landed his blows. The thief who was a husky looking negro, gained entrance to the Carroll home through the dining room window which had been left unfastened. He was heard by several members of the family. He escaped from the house, but was pursued by Mr. Carroll and son Wendell who ordered him to throw his hands up. After some time he finally yielded to this action and declared that he was the wrong man when captured. He was lodged behind the bars awaiting a hearing this afternoon. When searched he had a large revolver, large knife, watch and \$6 in money and a new pair of suspenders. It is hoped that after this capture that the community will not be bothered by petty thieving for a while.

The accused gave his name as Frank Edwards and was connected with a band who were doing the robbing several years ago at New Stanton, Pa., where one of the number was shot while trying to burglarize a house.

### Taunt Police for Bungling Crippen Case

United Press Telegram.

LONDON, July 16.—The newspapers today issue an appeal in the name of Scotland Yard detectives urging Miss Lennox, Dr. Crippen's typist to appear and disclose the whereabouts of Dr. Crippen. It is hoped that she will reveal the appeal and reveal herself and betray the alleged murderer. The papers declare that she would have everything to gain and nothing to lose by adopting such a frank course with the police officials.

The press is taunting the police over their bungling of the case, and state that the publishing of this appeal shows their utter helplessness in solving the matter. The police refuse to issue the statement that they had no legal justification in arresting Dr. Crippen before the body of his wife had been discovered showing that the crime had been committed. The papers declare that the police should have shadowed Dr. Crippen when he was suspected and in this way they would not have exceeded their authority or made themselves liable to damage.

### PLENTY OF LAW

Says Allen Hyatt, Granding the Dampling on Streets, regarding the complaint of a business man concerning the lack of civic pride evidenced here by those who throw waste paper, tin cans and other rubbish in streets and sidewalks. Health Officer Allen Hyatt this morning informs The Courier that a penalty of \$10 and costs is the penalty for that offense.

The question at issue, according to the complaint that was made, is not the insufficiency of a penalty, but the lack of field enforcement on the part of the authorities.

Postmaster Kirtz also states that after repeated efforts he has finally secured authorization for the purchase of a new typewriter to be used in the money order division. Up to \$1,000 these advances are automatic under the postal law. From \$1,000 to \$1,100 the advance must be on recommendation. In the second class offices \$1.10 is the highest salary paid carriers and clerks. Other carriers in the office here receiving \$1.10 are J. A. Collins and B. R. Welmer. T. B. Hyatt, is the clerk receiving \$1,100.

### GAS CONSUMERS TO MAKE PROTEST.

Scottdale Consumers Will Meet Friday Evening to Register Protest.

### MAY BE MEETING HERE, TOO

Sentiment is Strong Against the Alleged Unwarranted Increase in Price of Gas—Standard Has Strangle Hold on West Virginia Field.

Special to The Courier.

SCOTSDALE, July 16.—A public meeting to take steps to fight the increase in the price of gas announced by the Fayette County Gas Company will be held at the Borough building, Scottdale, at a night in court once before when the company attempted to increase the rate and feel they can win again if the people want to.

The meeting was decided upon last night after Council adjourned, and every word of gas is urged to be present, as it means a decided increase for householders to pay. The meeting will be held at the Borough building, Scottdale, at a night in court once before when the company attempted to increase the rate and feel they can win again if the people want to.

There is some talk of holding a mass meeting of the local gas consumers to protest against the alleged unwarranted increase in the price of gas at this point. It is declared by the principal objectors that the Fayette County Gas Company is taxing the consumers in this section more than that charged West Virginia consumers even after a liberal allowance is made for the cost of piping it this far.

The Standard Oil Company now has a strangle hold on the West Virginia gas field. The United Gas Fuel Company, the company behind which the Standard attempts to secure its identity, will before the end of the month take over all the properties of the Interstate Gas Company of Pittsburgh. This company was organized to compete against the Standard Oil Company in towns of the Tri-State section. It is capitalized at \$1,000,000 and most of the stockholders are Pittsburgh people. Fearing competition the Standard opened negotiations to purchase the concern.

## NEGRO IS ARRESTED FOR PUTTING POISON IN SPRING.

Reuben Smith Charged With Putting "Rough on Rats" in Water and Scattering It Elsewhere.

### Incendiary Fire Brings Out the Fire Department

A fire of incendiary origin resulted in the partial destruction early this morning of the frame house at the corner of Cummings and York avenues owned by D. Bellano of Johnstown. The house was vacant at the time. The firemen arrived soon after the alarm was turned in from Box 433 and found every room in the house ablaze. The rear door had been reduced to charred embers by that time. Candles and carbon oil in beer bottles were found by the firemen. After considerable difficulty the blaze was finally extinguished.

The first alarm was turned in shortly after midnight. Between 3 and 4 o'clock another alarm was sounded for the same place. The embers, stirred by the wind, had burst into flame once more. While a bucket of water would have extinguished the blaze, neighbors called out the department once more.

Chief J. W. Mitchell is co-operating with the police in trying to locate the incendiaries who started the blaze.

### NO ONE DRANK AT SPRING

Fourteen Chickens Were Found Dead Nearby—Constable Betts Charges Smith With the Crime—One Fought in a Duel.

Special to The Courier.

UNIONTOWN, July 16.—Not content with sprinkling "rough on rats" about the yard of Samuel Downs, at Shamrock, positive proof was obtained today that Reuben Smith had also poisoned the spring from which the Downs family secure their drinking water. By chance, no water had been drawn from the spring since Smith's alleged to have committed the crime.

Smith is a negro living about 200 yards from the Downs home. On the 13th of July, Leo Dunn, a New Salem druggist, says that the colored man purchased a package of "rough on rats" from him. Yesterday morning 14 chickens were found dead near the spring. Both Annie Miller and Thomas Knox, employees on the Downs farm, had seen the negro about the grounds earlier in the evening, and the matter was reported to the officers. Constable Charles Betts found traces of the powder at several places in the yard, but the most astounding discovery was made at the spring. Most of the stuff had come to the surface of the water and was easily visible this morning.

Betts placed Smith under arrest last evening on an information sworn to by Humano Officer Howard Ebert. He denied all knowledge of the case, even to the purchasing of the powder.

Smith was the opponent in a duel at Shamrock several months ago. He had some trouble with another colored man, and a duel was the method taken of settling their difference. Several shots were exchanged; no one was hurt, but the second party had Smith arrested. The case was settled out of court.

Destitute Woman Sent to Hospital at Uniontown.

After several months' illness Mrs. Jennie Elcher of the South Side was removed to the Uniontown hospital yesterday afternoon for treatment. Mrs. Elcher's case is a very sad one and her destitute surroundings were not known until a few days ago. Mrs. Elcher's parents were members of the Baptist Church and a few days ago she sent for Rev. E. B. Palmer, of the local First Baptist Church and to him she told her pitiful story. She had been ill since last January and during that time the only attention paid was by her son who did all he possibly could to relieve his mother's sufferings.

Mrs. Elcher came to Connellsville from Mt. Pleasant and at one time she enjoyed many of life's luxuries. Later her husband deserted her and her only comfort was her small son, Mrs. Elcher before her marriage resided at McKeesport and came from a highly respected family. After learning of the woman's destitute condition she was tenderly cared for by kind friends.

## PENNSYLVANIA WAGE DISPUTE SHOULD BE ARBITRATED.

The statement of the Pennsylvania Railroad Company concerning the threatened strike on its lines indicates that there is serious danger of a strenuous conflict between the managers and the employees of that gigantic system, which conflict will be unprofitable not only to them, but also to the public.

We present the company's side of the question as a matter of news, for what it is worth. We will be glad to give the same publicity to the claims of the employees when they are presented. The Courier knows no interest but justice and the general welfare.

If the Pennsylvania officials and the trainmen cannot agree on wages, the logical and proper thing for them to do is to submit their differences to the arbitration of the Interstate Commerce Commission, or to arbitrators mutually chosen with one of the Interstate Commerce Commissioners as umpire.

We believe this plan of settlement will prove satisfactory to all interests; and, further, that it reflects public opinion, and that public opinion will condemn either interest which refuses such peaceful settlement.

## A CRUSHING BLOW TO PENNSYLVANIA DEMOCRACY.

The Democratic party of Pennsylvania is certainly having its troubles. The Allentown Convention resulted in splitting the party in twain. The defeated faction now charges that the convention was dominated by Senator Penrose, and that the Democratic ticket was actually dictated by him. It was, they affirm, put up to be knocked down. The mysterious eleventh-hour withdrawal of Cyrus Lamm Munson is explained by the statement that he was bought off by Penrose with the promise of a Federal judgeship.

In the midst of all these party scandals, the crushing announcement is made that Colonel James Madison Guffey, who has been financing the forlorn Democratic hope for, so, these many years, is himself financially embarrassed, and will have to go into the hands of receivers, temporarily at least.

Not long ago certain wise Democrats and insistent prophets were boldly claiming that Pennsylvania would go Democratic this fall, but it is hard to understand how this difficult feat is going to be performed by a party that is broken in health, character and pocket, that is lame, halt and blind.

## THE PROTEST AGAINST THE NEW GAS RATES.

Scottsdale voices the first public protest against the proposed advance in natural gas rates and it cannot be denied that it is a strong one.

Aside from the fact that the advance smacks of extortion, it is pointed out that it is really discriminating. If this can be legally established, there may be a remedy in the hands of the Pennsylvania towns who are being taxed to pay for the cost of the gas consolidation.

This is a legitimate matter for the consideration of the Chamber of Commerce or other representative business organizations of the Conneltsville coke region towns supplied with gas by the Standard Oil combination.

Maybe Munson had a tip that the Democratic oil was running low.

A Conneltsville Councilman who loves the limelight, hates the water company, talks and writes much heated invective in an effort to excite a party of fairly taken with strictly local applications, speaks of newspaper "vaporings." We doubt if the ex-authority knows what "vaporings" are. He certainly has never been able to recognize his own.

We sincerely hope that the Good Angel of Pennsylvania Democracy has not gone broken.

The work of damming the Yough has actually begun, but the work of building the Conneltsville pontoon has not been commenced. The dam business seems to have passed the justice all thought the latter had a good start.

The report that Untontown wives beat their old husbands must have been written for the Captain Kiddo page.

Very little of the Western Maryland line from Cumberland to Conneltsville remains in doubt, but that which does is very interesting to Conneltsville.

The Bollingrove bridge owners balked, but it was no use. The bridge is free without their consent.

The Government is getting next to near-best.

Many gas wells do not necessarily mean much gas. Too many of them are dry.

A vicious dog is a nuisance. The law says so, and the law is sometimes right sensible.

The Tyrone Presbyterian Church is eligible to membership in the Colonial Union, if she can show sufficient tendency to acorn.

The New York lobsters have been handed the tariff law. The bars of the White Way must close at one o'clock in the morning.

The Conneltsville fire department get plenty of exercise last night.

Dunbar needs better police as well as better fire protection.

They had now reached the park entrance. "There is a cab," said Alcatraz. "You will ride with me as far as your hotel?"

## We Inaugurate the Season's Greatest Stock Reduction and Price Pruning Event--Attend.

The price ax has dropped--leaving in its course a stupendous array of shattered, cut and chipped off costs on all lines of summer wearthings. Everything must go--it is clearance time throughout the store. Not a few bargains here and there, but a big, comprehensive price reduction on our entire stocks of summer wearables for women, misses and children.

Freely and deeply we have pared the prices, spurred by our determination to completely clear the decks--disregarding cost and profit in the sole purpose of affecting a final clearance of all summer goods.

This is an unexcelled opportunity to practice common sense frugality--to buy liberally, yet economically. The high cost of living will not prove a menace to your bank account if you come and reap the benefits of these deeply lowered prices. Better come early--you'll find the choicest values snapped up quick.
